Renovaton and restoraton of an historically certfed full-block residental building converted to student housing on the Drexel University campus. The reconfgured foor plans provide 165 apartments ranging from studios to 3-bedroom units. The restoraton includes the exterior masonry, windows, roof, and porches.

JOHN BACALHAU
Intern Architect

EDUCATION
Drexel University
Philadelphia, PA
Bachelor of Architecture, 2025

John joined Brawer Hauptman + Larkin in 2022 as a Drexel student in the 2+4 Architecture Program. While working toward his degree, he worked full-time as a member of the BH+L staff. He received his degree in 2025 and now plans to obtain his Architecture license.

Outside the office, John enjoys watching soccer, movies, and traveling. He often travels to Portugal to visit family and to other countries abroad. Currently, he resides in Philadelphia's Chinatown neighborhood as he finishes his degree.
